Twelidt u għext Birkirkara. Ili attiv fl-ADPD sa mis-sena 2020.

Irrid nagħti sehm sabiex Birkirkara timxi 'l quddiem. Nemmen li jekk naħdmu flimkien bħala familja Karkariża, nistgħu insaħħu l-lokalità tagħna. Inghaqadt mal-ADPD għax inhaddan twemmin ta' sostenibilità ambjentali u għustizzja soċjali.

Nemmen li jekk naħdmu flimkien, fi spirtu ta' rispett lejn il-lokalità u lejn xulxin, l-indafa u l-ambjent ġenerali f' Birkirkara jittjiebu. Nemmen li l-iżvilupp għandu jseħh b'mod ikkontrollat u b'mod li jirrispetta r-residenti u l-wirt storiku u kulturali ta' Birkirkara. Hemm bżonn li nirsistu kontra proposti bla skrupli li juru dizrispett lejn l-ambjent storiku tagħna. Bħalek, hassejt għafsa ta' qalb meta kuntrattur ippropona żvilupp/sfregġju fir-residenza ta' Vincenzo Borg Brared. Nemmen li hemm bżonn li nieħdu hsieb l-ispażji miftuħa tagħna fejn il-Karkariżi jistgħu iqattgħu hin ta' mistrieħ mal-ħbieb u l-familji tagħhom. Nemmen li r-raħal tagħna għandu jkun ta' kulhadd. L-aċċessibilità speċjalment tal-bankini għandha tkun assigurata. Nemmen li komunitajiet marginalizzati, għandhom isibu id il-kunsill biex jiġu inkluzi iktar fil-ħajja tal-komunita'. Nemmen li flok nivvintaw ir-rotta, nikkoordinaw bejn gruppi u għaqdiet li tant qed jagħmlu għid lill-komunità, biex il-għid jisseddaq.

Imma fuq kollox, nemmen fik - li bħali tixtieq il-għid lir-raħal tagħna u li tixtieq bidliet pożittivi.

Id-differenza nistgħu nagħmluha flimkien.

I was born and raised in Birkirkara. I have been an active member of ADPD since 2020. I want to contribute so that Birkirkara may be able to progress. I believe that if we work together as a community, we can improve our locality. I joined ADPD because I embrace a belief in environmental sustainability and social justice.

I believe that if we work together, the cleanliness and the general environment in Birkirkara will improve. I believe that the development should take place in a controlled way and in a way that respects the residents and the historical and cultural heritage of Birkirkara. There is a need to contest unscrupulous proposals that show disrespect towards our historical environment. Like you, I was upset with the destruction of the Vincenzo Borg Brared residence. I believe that it is necessary to take care of our open spaces where residents can spend time with their friends and families. I believe that our village should belong to everyone. Accessibility must be ensured. I believe that marginalized communities should be given more opportunities to be included in our community. I believe that instead of reinventing the wheel, we coordinate between groups and associations that are providing a valuable service to the community.

But above all, I believe that you, like me, want the best for our town and that you want positive change.

We can make a difference together. I believe that, together, we can give Birkirkara the honour it deserves and that we can truly move forward.
